NEW JERSEY NOTES

Senator William M. Bennett of Manhattan presented a petition to the State Senate to-night from several taxpayers

At the suggestion of Senator Brown,

who represents the Watertown district, the petition was referred to the Com-mittee on Agriculture. The Senate passed Senator Sage's bill providing for the preparation of a budget by the Legislature each year, a sub-cor mittee of the finance committees of the two houses to work the year around, with the Governor acting in an advisory instead of a directory capacity on the question. The Democrats voted for the bill as well as the Republicans.

Over a vigorous protest on the part of most of New York city's representatives the Assembly to-night passed two bills introduced by Chairman Majer of the Ways and Means Committee making appropriations for highway improvement and maintenance. The vote was the same on both, 92 to 41.
